

Kestrels - Tuesday 31st March 2020

Maths- Properties of shape.

English- Writing a news report about your own newsworthy story.

Music- Practise playing Happier. Practise the chords Dm, C7, G7.

Weekly tasks to do when possible:

Grammar: Write some sentences and colour the different word types different colours. Can you name all of the parts of a sentence?

Spelling: Practise writing words with the suffixes -ssion and -cian and then cover them and rewrite them.

Arithmetic: Practise adding, subtracting, multiplying and dividing decimals.

Please make sure you are reading daily, for at least 20 minutes.

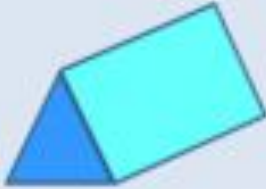

Maths

L.O: To recall the names and properties of shapes.

Firstly, go on a shape hunt around your home and, if they are small enough, put them in a bag.

Play the shape game with a partner where you tell them the properties (not the name!) and they have to guess the shape. If they are correct, you win a point for your excellent describing. Swap and now you try to guess.

Properties of 3D shapes

<p style="text-align: center;">Cone</p>  <p style="text-align: center;">2 Faces 1 Edge 1 Vertex</p>	<p style="text-align: center;">Sphere</p>  <p style="text-align: center;">1 Face 1 Edge 0 Vertices</p>	<p style="text-align: center;">Tetrahedron</p>  <p style="text-align: center;">4 Faces 6 Edges 4 Vertices</p>	<p style="text-align: center;">Cuboid</p>  <p style="text-align: center;">6 Faces 12 Edges 8 Vertices</p>
<p style="text-align: center;">Cylinder</p>  <p style="text-align: center;">3 Faces 2 Edges 0 Vertices</p>	<p style="text-align: center;">Cube</p>  <p style="text-align: center;">6 Faces 12 Edges 8 Vertices</p>	<p style="text-align: center;">Triangular Prism</p>  <p style="text-align: center;">5 Faces 9 Edges 6 Vertices</p>	<p style="text-align: center;">Square-based pyramid</p>  <p style="text-align: center;">5 Faces 8 Edges 5 Vertices</p>

Maths

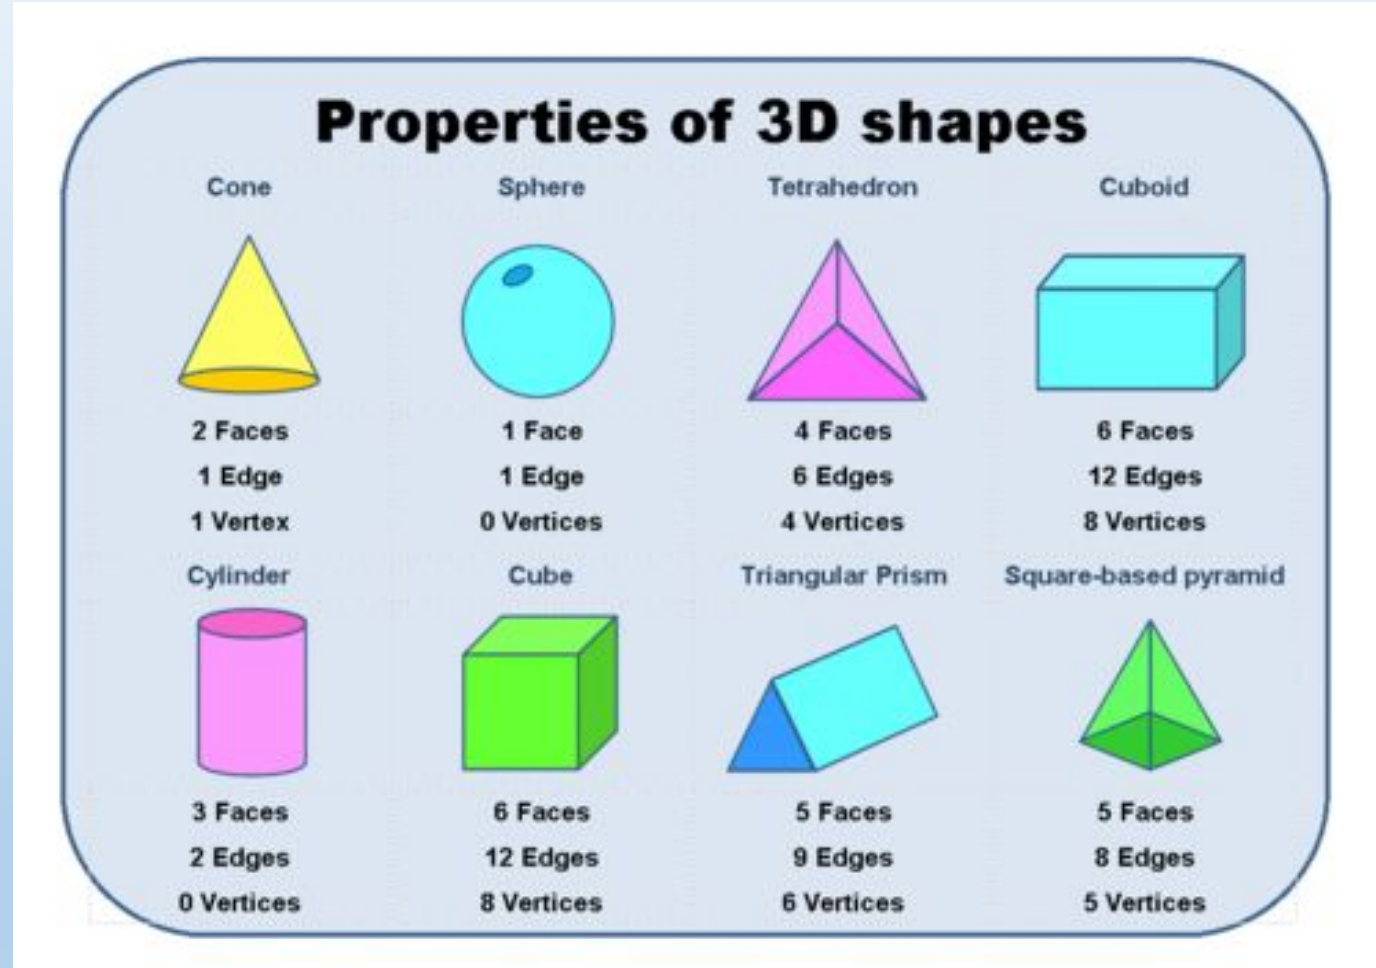

L.O: To recall the names and properties of shapes.

Now consider the questions below and answer them in your books.

Which shape would:

- Win in a fight?
- Win a beauty contest?
- Be the best at keeping secrets?
- Win a race?
- Win a weightlifting competition?
- Best represent you?

Remember to include a reason why.

You are not just limited to these shapes.

English

L.O: To write your own newspaper report.

Continue your news report!

This can be anything (maybe all of the teachers have been replaced by aliens at school, maybe a new species of shark has been discovered that has legs!).

Because you have three days, try to make it really good. Use everything we have learnt over the last two weeks and make it entertaining!

You could draw a picture to add to the report.

If you have time you could write and perform this as a news programme.

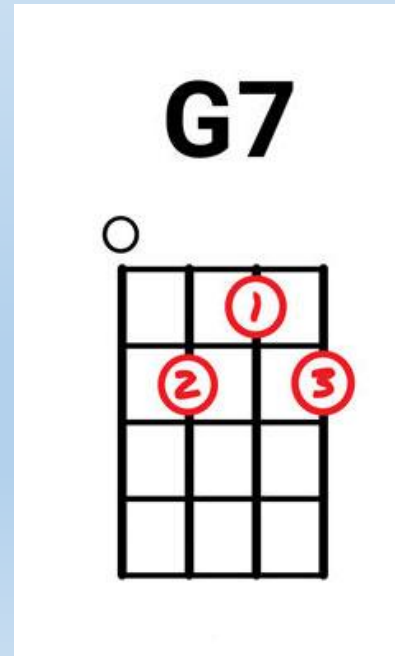

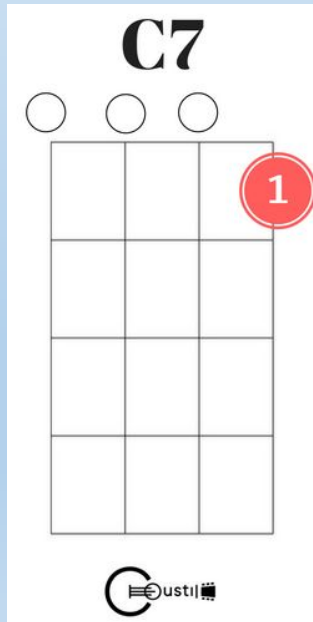

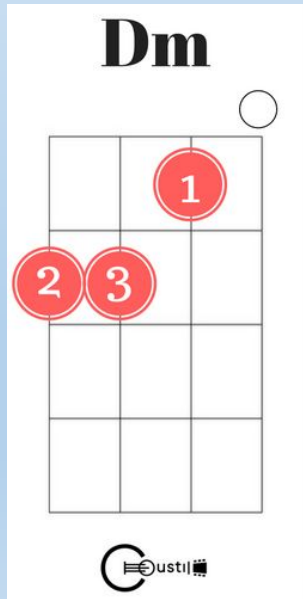

Music

L.O: To practise the chords Dm, C7 and G7.

Firstly, practise playing along to Happier- Am (x2), F (x2), C (x4).

<https://www.youtube.com/watch?v=zWQN7u6g62c>

Now try to play the chords below. We will be using them after the Easter holidays in a couple of songs.

These diagrams show the chords as if you were holding the tuning pegs upwards.

The numbers tell you which finger to use.
