

## Kestrels - Wednesday 1<sup>st</sup> April 2020

Maths- Properties of shape- always, sometimes, never, statements.

English- Writing a news report about your own newsworthy story.

History- Research the land girls and produce an informative poster about them.

### Weekly tasks to do when possible:

Grammar: Write some sentences and colour the different word types different colours. Can you name all of the parts of a sentence?

Spelling: Practise writing words with the suffixes -ssion and -cian and then cover them and rewrite them.

Arithmetic: Practise adding, subtracting, multiplying and dividing decimals.

Please make sure you are reading daily, for at least 20 minutes.

## Maths

**L.O: To sort statements about shape into the categories, always, sometimes and never.**

Are the following statements always true, sometimes true or never true? Think carefully about how you can prove that you are correct.

A hexagon has six equal length sides	Triangles have a line of symmetry
Squares have two diagonals that meet at right angles	Cutting a corner off a square makes a pentagon
The base of a pyramid is a square	A cuboid has two square faces

If you found these easy, try the ones on the next slide as an extension.

## Maths EXTENSION

L.O: To sort statements about shape into the categories, always, sometimes and never.

Are the following statements always true, sometimes true or never true? Think carefully about how you can prove that you are correct.

When you cut off a piece from a 2D shape you reduce the area and perimeter	Triangles tessellate
The number of lines of symmetry in a regular shape is equal to the number of sides	Quadrilaterals can be cut into two equal triangles

# English

L.O: To write your own newspaper report.

Continue your news report! Try to finish this today!

This can be anything (maybe all of the teachers have been replaced by aliens at school, maybe a new species of shark has been discovered that has legs!).

Because you have three days, try to make it really good. Use everything we have learnt over the last two weeks and make it entertaining!

You could draw a picture to add to the report.

If you have time you could write and perform this as a news programme.

# History

## L.O: To research the Land Girls from WW2.

Please research the Land Girls from WW2 and produce an informative poster about them.

Questions you could answer:

What were their jobs during WW2?

Why did they have to do these jobs?

Were there any jobs for specific areas in the UK?

Were all women expected to join the Land Girls?

Did they work in Norfolk? If so, what did they do?

You can add any other information which you find interesting!

You could try to experience some of what the land girls had to do by doing some gardening!
