Can you share them into groups with 5 in each group?

How many groups of 5 do you have?

Can you share them into groups with 10 in each group?

How many groups of 10 do you have?

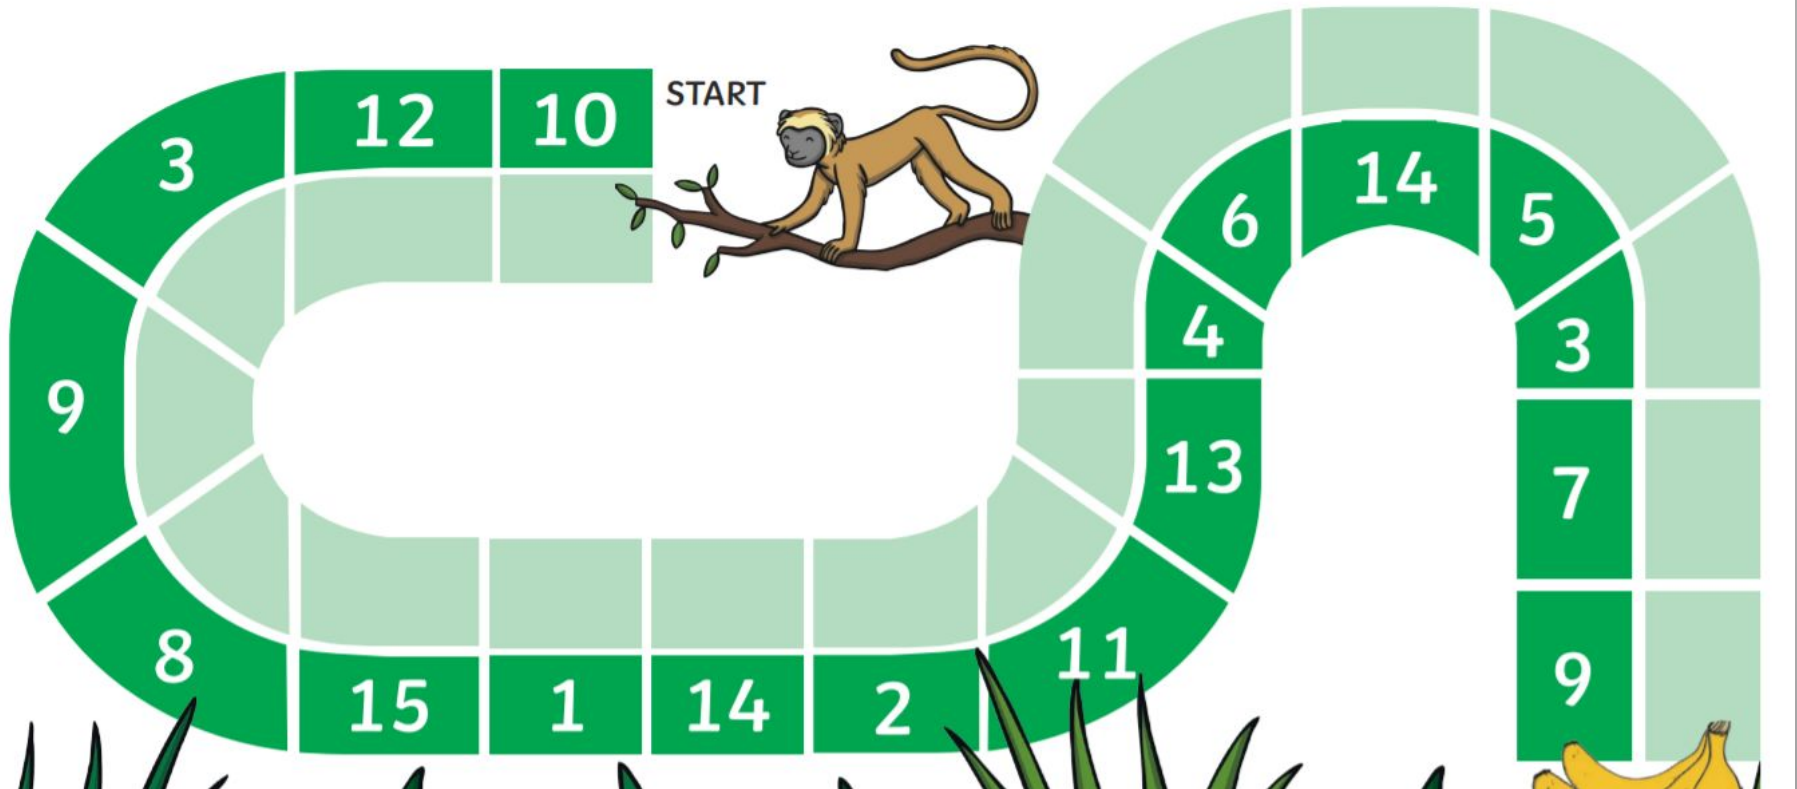

Can you try it with 20 objects?

What about 50 objects?

Friday Fun

Doubling Jungle Race

How fast can you double? Double the numbers on the track and write the answers as you go.
Use a timer to see how long it takes you to get to the bananas!

TIME FOR A BREAK

Topic - Japan

This week our focus is on Japanese art. We've already seen some great artwork throughout this topic

Choose the activities you would most like to do, (or do some of your own) and present them creatively.

You can present your work however you like, for example, in the form of artwork, a film, a scrapbook, a PowerPoint or anything you think of!

Below is a suggested list of activities to choose from, maybe pick one a day to explore.

- Koi fish are beautiful fish that hold special symbolism in Japanese culture. Koi ponds are placed in beautiful, tranquil settings and Japanese gardens. Have a go at creating your own picture of a Koi card. Here is a link for an idea on how to use Salt painting.
<https://thecraftyclassroom.com/crafts/japan-crafts-for-kids/>
- Can you research some designs that are on Japanese fans. Have a go at making your own.
- <https://www.thesprucecrafts.com/origami-for-kids-4162883> Japanese origami is the art of paper folding. Why not have a go at some, there are lots of online tutorials to help you.
- Shodo is the Japanese art of Calligraphy. Can you research how to write your name in Japanese and use black paint to create the effect of calligraphy.
- In Japanese culture it is thought that Yukimi-Gata lanterns symbolize the cycle of life. Can you make your own paper lantern. <https://innerchildfun.com/2013/07/how-to-make-easy-paper-lanterns-japan.html>
