Reception

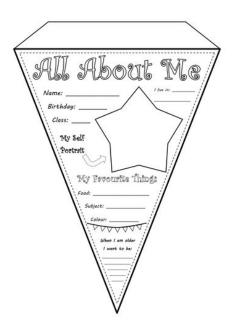

Today we are learning about the brain. Can you find out what the parts of your brain do?

You could have a go at making a model of the brain.
You could use playdoh.

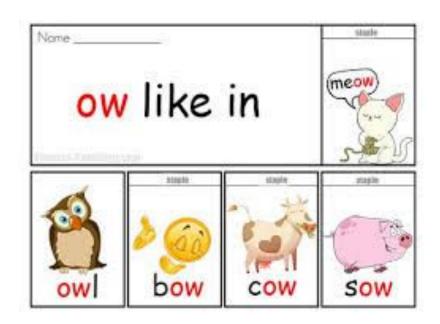

Become number detectives.
See what numbers you can find in your home and when you are out on a walk. What numbers do you find? What is the largest number? What is the smallest number? Make sure you are forming the numbers correctly!

Can you write a description of yourself? Think about what you look like but also the things you like to do. You could write about your favourite things to eat or play with.

Phonics; Today we are revising the sound 'ow' as in cow.

The Fox and the Owl

In the big, green wood, was an owl and a fox.

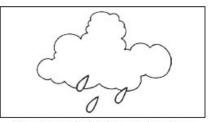

The owl and fox wished to be king. All of the animals gathered together to pick a king.

"I will be the best king, as I am strong and clever. I am better than the owl. You cannot pick him!" yelled the fox.

"I can swoop and look and see all the town from up high," went the owl. "Let me be king."

The animals had to pick a king.

It was hard. A shower of rain fell from up high. With the shower,

was a verdict.

The owl was going to be king, as he did not boast too much. He was given a crown and a gown. The animals all bowed to him.

Can you spot the 'ow' sound words in the story? Now try and write your own sentences with ow words in them.

Remember to read everyday.

Mental Arithmetic

Morning Maths Workout!

	Morning Maths Workout!	
24 - 3 =	46 - 1 =	34 - 3 =
38 - 5=	24 - 3 =	99 - 5 =
26 - 2 =	66 - 3 =	26 - 2 =
63 - 3 =	58 - 7 =	47 - 5 =
45 - 4 =	85 - 3 =	29 - 6 =
27 - 6 =	69 - 4 =	55 - 4 =
19 - 7 =	78 - 3 =	28 - 4 =
48 - 3 =	54 - 2 =	84 - 3 =
57 - 2 -	77 - 6 -	99 - 6 -

Maths investigations

How Many?

Age 5 to 11 ★
Have a look at this photo of some peaches:

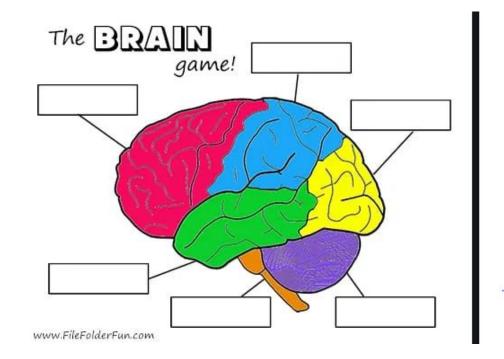

How many? How did you count them?

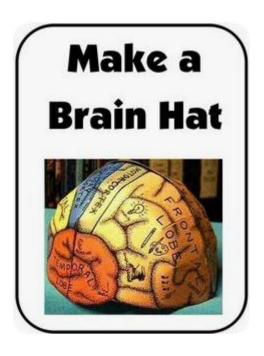

And one last photo:

How many this time? How did you count?

We are continuing with the topic of Our Body this week and today I would like you to explore your brain. Here are some suggested activities for you, but feel free to do your own

Can you make a model of the human brain? You could use playdoh.

Questions to consider

How much does the human brain weigh?

What size is the human brain? What is the largest part of the brain?

What would happen if humans didn't have a brain?
Which part of the brain helps you balance?

BRAIN TEASERS!

Can you tap your head and rub your tummy in circles at the same time?

Make a clockwise circle with you right foot while drawing a 6 with your right hand.
