

Reception

Can you make your own all about me poster like this one. You can make your own headings if there is more information you would like to include.

The next 2 days will be round up and research on Mexico. Use this time to look back at some of the activities you have already done and try some new ones that you didn't have time to complete. You could practise speaking Spanish or create some more artwork. You could find out about some landmarks in Mexico and create a model or make some of your own Mariachi music!

Play the game What's the time Mr Wolf with your family. Then make your Own clock using natural Materials and practise showing the times you used in your game. Remember when you make the clock the hour hand is shorter than the minute hand.

Phonics;

<https://www.bbc.co.uk/bitesize/topics/zf2yf4j/articles/zdrd8xs>

Have a look at this link and listen to the song about the tricky words in Phase 2. Can you read them and can you spell them. Try using them in some sentences.

Remember there are lots of games you can access on Phonics play for free at the moment to support phonics learning.

Username: **march20**

Password: **home** <https://new.phonicsplay.co.uk/>

Remember to read everyday.

Can you practise forming letters?

English – As it is nearly the end of term we thought it might be quite nice to start thinking about transition. I am sure you are very excited to get back to school in September and to start in your new year groups. Here are some ideas for transition activities to help you prepare. You do not have to do them all just pick the ones that you think you would like to do most.

- Write a letter to your new teacher to introduce yourself.
- Write a story about your wishes and feelings for the future, you could include what you want to achieve when you come back or think even further ahead and write about what you want to do when you grow up.
- Write some jokes to make your teacher laugh.
- Draw some pictures of things that make you happy then tell us why.
- Design a getting to know me poster. You could include any hobbies you have, what you enjoy doing. Maybe you could tell us some things that you do not like or you maybe worried about.
- What wouldn't someone know about you by just looking at you? Tell us a surprising fact!
- Draw a self portrait then describe the things you like about yourself. Can you extend your vocabulary?
- Write a newspaper article about your biggest achievement from last year.

Arithmetic

Can you count in multiples of 10 to 100 starting from 0.

Now try counting in multiples of 10 starting from 15. Now try starting from different numbers like 11. For example 11, 21, 31.

Write down some of the sequences. What do you notice? Do the units change?

Now using you knowledge of counting on in 10s have a go at one of these challenges.

1) $20 + 40 =$

2) $30 + 50 =$

3) $20 + 40 =$

4) $30 + 50 =$

5) $70 + 30 =$

1) $10 + 40 + 40 =$

2) $10 + 50 + 20 =$

3) $20 + 20 + 40 =$

4) $20 + 30 + 50 =$

5) $50 + 20 + 30 =$

What's the time Mr Wolf?

Start

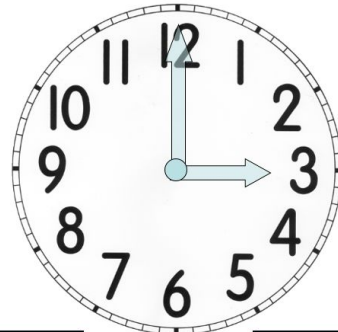

A time matching game

*Your objective is to escape Mr Wolf.

*Answer the questions correctly to make it home safely.

*If you get a question wrong Mr Wolf will eat you for dinner!

Now try these.

Round up and research.

Over the next 2 days I would like you to think about all of the amazing things you have learnt about Mexico. What have you enjoyed the most? What do you want to find out more about?

You may have enjoyed learning about the Geography of Mexico and could extend your learning by doing some more detailed research on a specific landmark or area of Mexico? You may like to find out about its history, create a travel blog or a travel brochure for it.

If you enjoyed learning Spanish maybe you could take this time to practise speaking Spanish.

You may like to find out more about Mexican food. You could research some dishes and create a menu for a traditional meal including starter , main and dessert. Could you do some cooking and have a go at following a recipe to make a traditional Mexican food like Churros?

If you enjoyed learning about the arts and craft of Mexico you may like to continue with this. Maybe you might like to find out more about Frida Karlo and create a project about her life and have a go at drawing in her style.

You could have a go at composing your own piece of Mariachi music. Can you make the instruments you need and perform it to your family?
