Our learning – Where can we go?

Owls and Goslings: We designed puppets that are going to be double sided and show a different emotion on each side. We have also been reading the 3 Billy Goats Gruff and writing what we think the troll would say.

Skylarks: We had a No Plan Day this week and we picked to learn about birds. We did some bird watching outside and listed the birds we saw. We used different materials to make a collage of a bird. We also found out information and made a fact file of our chosen bird.

Kestrels: We have been working on perimeter and area. Mrs. Keeble challenged the children to find something with a perimeter of 28cm. Some cut a piece of string that size and used it to test objects to see if it was the correct size. We have also looked at how to split light into colours using a prism in Science.

CURRENTLY READING

Reading is our biggest priority this academic year, it is the key to unlocking all curriculum subjects for children. As with last year we are using the Power of Reading as a way to encourage children to love books and broaden their reading horizon. We want every child to be a confident reader with a passion for books. We use our Power of reading book as the basis for our English teaching and incorporate it into other subject areas. We also have a class reader which is a shared class book that is read to the children every day.

Current Books:

Power or Reading books

Owls: The Puffin book of Fantastic First Poems

Skylarks: The Green Ship

Kestrels: The Hobbit

Class Reader:
