

Welcome to the Hazel Class Newsletter!

Summer 2, 2022

This half term, we'll be answering our new question 'What makes the greatest show?'

We'll be exploring the answer to this question through our History, Art, Music, Computing, PSHE, DT and Science lessons. Keep on reading to find out what we'll be learning about in these subjects.

<p>In history, we'll be learning about the Gunpowder Plot as well as exploring what our parliament is and what they do.</p>	<p>In Art, we'll be looking at how textiles are used in Art and will be creating our own stage, thinking about how we can use textiles to create the different parts!</p>	<p>In science we'll be learning about materials, thinking about which materials are used in shows and why they are a good material for their purpose.</p>	<p>In DT, we'll be creating our own puppets, using our sewing skills to create the perfect puppet. We'll also be exploring food, thinking about where it comes from and preparing our own dishes!</p>
<p>In Music, we'll be learning how to play the recorder! We'll be exploring which instruments are used in shows, thinking about bands and the music they play.</p>		<p>In Computing, we'll be exploring coding, pictograms and the importance of E-Safety.</p>	

Please find knowledge organisers for subjects attached to this document, of others way you can support your child's learning in these subjects

Each half term, as well as completing the weekly Ed Shed and Numbots challenges, the children have a homework challenge linked to our topic. These are this half term's challenges, children can complete the challenges in any way they wish (pictures, a scrapbook, a diary, a video of them explaining what they've discovered, a game we can play are a few ideas to get you started!). Please bring in any completed challenges on the week commencing 18th July 2022 for us to showcase what they've been up to.

Homework Challenges

<p>Create your own set of rules that you would make into law if you were in parliament.</p> 	<p>Can you make your own show and perform it? Perhaps you could use puppets at home or get the family involved. Can you write your own script too?</p> 	<p>Can you make your own piece of music using the notes on a recorder?</p> 	<p>Go for an adventure somewhere in Norfolk and go for a material hunt! Which materials do you see around you? Are they natural or are they made by humans?</p> 	<p>What is your favourite show? Perhaps you're lucky enough to go and view a show! What would you rate it out of 5? Was it a great show? What made it a great show?</p>	<p>What does the word 'great' mean to you? Which things in our wonderful world would you call great?</p> 	<p>What would be at your 'greatest show'? What would you want to see happening? Can you make a show programme telling me the different things I might find at your show?</p>
