

Acorns Nursery Autumn 1

Welcome to Acorn Newsletter!

We are starting a new school year with a new adventure and looking forward to lots of fun!
Here are our focus areas for learning for Autumn.

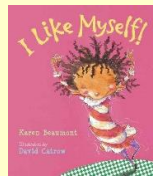

Maths

We will be learning to say numbers out loud and in order
We will be singing and saying nursery rhymes with numbers including,

We will be pointing to objects and counting each object carefully

Literacy

We will be reading books about ourselves and about Autumn

Phonics

We will start off our phonics sessions by learning to listen to different sounds around us and exploring how we make those sounds with our mouths and lips.

We will be learning to sing the alphabet

Expressive Arts and Design

This term we will be learning to sing lots of songs and explore playing different musical instruments.

We will be collecting natural objects to create some pictures linking with our Muddy Puddle training

Autumn Term 1 Impact

What is the impact of ourselves, our families and our friends in our world?

Understanding the World

As part of our Impact theme we will be learning about ourselves, our families and our environment.

Physical Development

We have lots of space to run around, explore and play at school. We will be using the trim trail, bikes and trikes and large field to run, jump, climb and zoom around. We will also be exploring dance, yoga and developing our throwing and catching skills with bean bags and balls.

Personal, Social and Emotional Development

Each term we learn about our feelings during PATHS and PSHE sessions. We play turn taking games and talk about our different feelings and how to show our feelings in the right way to others.

Communication and Language

Our day always begins with a reminder of how to be a good listener and why it is important to listen to someone when they speak. We work on turn taking when talking and sharing our ideas, and showing others we are listening by looking at them when they are speaking.
