

<p><b><u>Summer Term in Oak Class</u></b></p> <p>Welcome to the summer term and our new classroom! We are so excited to share our new learning environment with you, and cannot wait for the outside area to be finished too. Thank you for your understanding and patience. Please email us with any questions you may have and thank you in advance for all your help and support.</p> <p>Mrs Keeler and the Oak Class Team.</p>	<p><b><u>Mathematics</u></b></p> <p>We shall explore numbers in our environment, particularly house numbers and numbers we see out and about. We will also read numbers carefully when following a recipe and learn all about prices, money, coins and change when we visit the shop to buy our ingredients.</p>	<p><b><u>Personal, Social and Emotional Development</u></b></p> <p>This half term we will begin by establishing our new rules and routines for our new classroom. We will also begin to think about the transition to Year 1 and will be completing some activities and lessons with Mrs Jermy and friends to help us get ready.</p>
	<p><b><u>Community</u></b></p> 	<p><b><u>Communication and Language</u></b></p> <p>We will ensure all the phonemes we have learnt are embedded, and will continue to develop our blending and segmenting to read skills.</p> <p><b><u>Literacy</u></b></p> <p>We will explore a range of traditional tales and recipes linked to those stories.</p>
<p><b><u>Understanding the World</u></b></p> <p>We will be thinking all about “Community” and what it means to us. What is a community and which communities are we part of? We will be visiting our local community to decorate the church and check on the growth of the vegetables at the allotments. We will also welcome visitors in from the community to tell us what they do and how they help others.</p>	<p><b><u>Expressive Arts and Design</u></b></p> <p>We are very excited to start our “Foodie Fridays” this term, where each week we will vote for a recipe, write a shopping list, visit the local shop to buy ingredients and then return to class to make and bake. Thank you for your kind £1 donations to support us with this adventure. Please say hello if you see us on the way to the shop.</p>	<p><b><u>Physical Development</u></b></p> <p>PE days will be Wednesday and Friday, please send your child to school in their PE kit then. We will be practising and strengthen our gross and fine motor skills with lots of play dough, threading, tweezer and scissor skills.</p>
