#### **Our Christian Ethos and Values**

All policies within the Diocese of Norwich Education and Academies Trust (hereafter referred to as "the Trust"), whether relating to an individual academy or the whole Trust, will be written and implemented in line with our Christian ethos and values.

We have high ambition for all, and we truly value the wider educational experience.

We walk and talk our Christian values. We put people at the centre of the organisation and want to see them flourish and grow. Our schools are inclusive, welcoming those of all faiths and none.

#### Overall accountabilities and roles

The Trust has overall accountability for all its academies and staff. Through a Scheme of Delegation for each academy it sets out the responsibilities of the Trust, its Executive Officers, the Local Governing Body and the Principal / Head Teacher. The Principal / Head Teacher of each academy is responsible for the implementation of all policies of the Trust.

All employees of the Trust are subject to the Trust's policies.

#### 2. Definition and purpose

For the purposes of this policy, the definition of alternative provision is as follows: education arranged by for pupils who, because of exclusion, illness or other reasons, would not otherwise receive suitable education; education arranged by schools for pupils on a fixed period exclusion; and pupils being directed by schools to off-site provision to improve their behaviour.

This policy aims to provide clear guidance to colleagues and partners in the commissioning of 'unregulated' alternative provision (AP). The term 'unregulated' (also referred to as unregistered) to define an AP setting which is not a registered school or college (for pre-16 pupils). There are, however, unregulated AP settings which are registered for post-16 and also offer education/training to school-age pupils.

Unregulated AP settings may deliver an educational, (academic and/or vocational), social, emotional, physical and/or sensory offer, during the school day, where that provision cannot be met in school.

Typically, unregulated AP settings are used to provide alternative education or training to pupils to complement their timetable and core offer in school. Current government guidance does not always differentiate between **regulated or registered AP** (e.g. an alternative school setting for a pupil who has been permanently excluded from school, such as a pupil referral unit or short-stay school, or a hospital school) and **unregulated** AP (e.g., where a young person may access a vocational course for 1-2 days per week). Pupils accessing unregulated AP remain on the roll of their home school. The guidance states:

- Local authorities are responsible for arranging suitable education for permanently excluded pupils, and for other pupils who – because of illness or other reasons – would not receive suitable education without such arrangements being made.
- Governing bodies of schools are responsible for arranging suitable full-time education from the sixth day of a fixed period exclusion.
- Schools may also direct pupils off-site for education, to help improve their behaviour.
- Statutory guidance sets out the Government's expectations of local authorities and
  maintained schools who commission alternative provision and pupil referral units and the
  power of schools to direct a pupil off-site for education to improve behaviour. This
  legislation does not apply to Academies. They can arrange off-site provision for similar
  purposes under their general powers, set out in the Academy Trust's Articles of
  Association. Though the regulations and guidance do not apply, they can provide
  Academies with an example of good practice.
- Governing bodies of maintained schools have the power to direct a pupil off-site for education to improve his or her behaviour. The Secretary of State has made regulations, as is required by the related primary legislation, concerning schools' use of this power.
- Government expects those who are not legally required to have regard to the statutory
  guidance to still use it as a guide to good practice. DNEAT and ST Benet's Multi Academy
  Trusts (delete as appropriate) recognise this guidance as good practice to follow:
  - ensure that parents (and the local authority where the pupil has an EHCP) are given clear information about the placement: why, when, where, and how it will be reviewed.
  - keep the placement under review and involve parents in the review. The regulations specify regular reviews but do not specify how often reviews must take place (that should be decided on a case-by-case basis). Reviews should be frequent enough to provide assurance that the off-site education is achieving its objectives, and that the pupil is benefitting from it; and have regard to guidance from the Secretary of State on the use of this power.
  - As above, schools may commission off-site alternative provision (registered or unregistered) to improve behaviour, help prevent a suspension or permanent exclusion, or arrange suitable education for a suspended pupil (from the sixth school day of a suspension or permanent exclusion) under section 100 of the Education and Inspections Act 2006. Governors and Headteachers must adhere to the regulations set out in <a href="School suspensions and permanent exclusions GOV.UK (www.gov.uk)">School suspensions and permanent exclusions GOV.UK (www.gov.uk)</a>.
     For further detail on the use of off-site direction to improve behaviour, see the Norfolk County Council Directory of Unregulated Alternative Provision at <a href="Unregulated alternative provision templates Schools (norfolk.gov.uk)">Unregulated alternative provision templates Schools (norfolk.gov.uk)</a> and for Suffolk Suffolk Alternative Provision Directory

Pupils who may benefit from unregulated AP are often within the most vulnerable cohort. They may have special needs (with or without an EHCP), medical needs, attendance difficulties, challenging behaviour, a social worker, be suspended (after day 6), at risk of permanent exclusion, in care and/or known to supporting agencies such as the Youth Justice Service for example.

Unregulated AP settings are not inspected by Ofsted or any other national body, though Ofsted inspectors may visit an unregulated AP setting as part of a school's inspection (see Section 3. Ofsted).

The lack of a set of national standards or inspectorate, and the fact that it is often the most vulnerable pupils who access such provisions make it imperative that the commissioning of unregulated AP is carried out in the best interests of the pupil, with safeguarding as a priority. This policy aims to ensure that all colleagues involved in the commissioning of unregulated AP follow correct procedures.

#### 3. Ofsted

During an Ofsted inspection, If the school uses off-site alternative provision, the lead inspector will request further details about this. Below are two paragraphs taken from the inspection handbook. Further detailed information can be found in the <u>School inspection handbook for 2023</u>.

388. Inspectors will consider:

- the reasons why leaders considered off-site provision to be the best option for the pupils concerned, and whether leaders have kept that under review
- whether leaders have made the appropriate checks on the registration status of the provision and how that has influenced their decision to use that provider
- what safeguarding checks leaders have made and continue to make to ensure that the provision is a safe place for their pupils to attend
- the extent to which leaders ensure that pupils benefit from a well-planned and sequenced, well-taught, broad and balanced curriculum
- the attendance and behaviour of the pupils who attend the provision
- how well the provision promotes pupils' personal development

390. A school is likely to be judged inadequate for leadership and management if:

- it is making ineffective or inappropriate use of alternative provision
- it is using inappropriate alternative provision
- leaders have not taken the necessary steps to assure themselves of the suitability of a provision
- leaders are not aware of how many of their pupils attend alternative provision
- leaders are not taking responsibility for their pupils who attend alternative provision

#### 4. Safeguarding

When an academy decides that they would like to undertake an Alternative Provision placement for a pupil, they must discuss with the Head of Safeguarding so that the Alternative Provision Quality Assurance Document and risk assessment can be completed pre-placement. The academy or the Head of Safeguarding could complete quality assurance and risk assessment but this must be discussed and the decision must be made with the Head of Safeguarding. This is in order to check safeguarding arrangements at each unregulated AP setting used and a clear agreement on

how safeguarding concerns will be communicated, followed up and by whom; and how regular communication between the school and unregulated alternative provision will be conducted.

Keeping Children Safe in Education 2023 requires the following:

326. Where a school places a pupil with an alternative provision provider, the school continues to be responsible for the safeguarding of that pupil and should be satisfied that the provider meets the needs of the pupil.

327. Schools should obtain **written confirmation** from the alternative provision provider that appropriate safeguarding checks have been carried out on individuals working at the establishment, i.e., those checks that the school would otherwise perform in respect of its own staff. (See Appendix 3)

All unregulated settings commissioned provide the Alternative Provision setting with the name and contact details (*telephone and email*) for the school's Designated Safeguarding Lead.

*Pupils attending off-site AP* are a standing agenda item for DSL meetings, to ensure that colleagues responsible for safeguarding are able to address issues and identify any patterns or trends.

The Alternative Provision Quality Assurance is undertaken before the child starts which assures the academy that there are appropriate safeguarding arrangements in place. Following this initial visit **a post visit risk assessment will be completed (Appendix 2).** A schedule of visits should be implemented to provide ongoing assurances that the unregulated AP is appropriate for the child and safeguarding arrangements in place are robust. These should be completed on Appendix 4 Safeguarding Review and should happen at least each half term.

Assurances from the unregulated AP in relation to their safeguarding policy, and procedures, the training attended by staff and that appropriate safer recruitment checks have been undertaken as required in part 3 of Keeping children safe in education - GOV.UK (www.gov.uk). See Appendix 1 Alternative Provision Quality Assurance Document.

Pupils attending unregulated AP should know how to report worries or concerns and to whom. This should be the same for their parents or carers. There should be a relationship where children can talk freely to all members of staff if they are concerned or worried. Children will be reassured that they are safe and everything they say is taken seriously.

Staff at the academy will have regular communication with the child to give them the opportunity to share what is going well and ask if they have any concerns.

#### 5. Attendance

It is essential that the unregulated AP setting communicates attendance on a **daily** basis. Agreement on how and at what time this will be done must be reached and recorded pre-placement via the Quality Assurance Checklist (Appendix 1), It is not sufficient for an AP setting to only communicate absence; schools must be informed of positive attendance within 30 minutes of the pupil's planned arrival at the AP (unless accompanied by a member of school staff).

Pupils attending an off-site **registered** AP school (such as a PRU or hospital school) should be coded as D as they will be temporarily dual-registered.

Pupils attending off-site unregulated AP where there is **face-to-face**, **supervised provision**, should be coded as B in the register, but only once the AP setting has confirmed daily attendance. The register **must not** be flood-coded ahead of time.

Some pupils may be accessing online provision which is not face-to-face (even on screen); this should be coded as C.

Further detail and guidance is available at <u>Working together to improve school attendance - GOV.UK</u> (www.gov.uk)

#### 6. Pre-placement

Pre-placement, the academy will ensure that the following checklist has been met:

- i. Liaison with all relevant stakeholders (including the pupil, parent carer, EHCP Coordinator, social worker, Virtual School Advisor for Children in Care, health professional etc.) to ensure that the planned provision is in the best interest of the child
- ii. Following initial contact with the AP setting, a site visit will be conducted using the Quality Assurance Documentation (Appendix 1). The academy may request that the Head of Safeguarding attends to support completing the visit record.
- iii. The academy as part of the site visit request to copies of all relevant policies including safeguarding policy, training certificates and risk assessments for the activities outlined.
- iv. Following the site visit a subsequent risk assessment will be completed and a decision made whether to proceed with the placement.
- v. The academy then completes the **Admissions and Service Level Agreement Form (Appendix 3).** The alternative provision may have it's own admission form and SLA instead but it must include the following:
  - a. Key pupil details
  - b. Emergency contacts
  - c. Agreed course offer, start date, length of course including a taster day if appropriate
  - d. Agreement that the pupil will attend **no more** than 4 sessions (2 days) per week, to avoid any risk of the setting being deemed an illegal school.
  - e. Key professional contacts
  - f. Core aims and objectives of the placement.
  - g. How progress will be monitored and communicated back (when, how, how often)
  - h. If and how the placement contributes to the pupil's post-16 plans where applicable.
  - i. SEND/EAL needs of the pupil, including relevant EHCP targets as appropriate.
  - j. If appropriate, links to the pupil's Individual Healthcare plan; GP contact details
  - k. Youth Justice Service contacts if appropriate
  - I. How **daily** attendance will be reported back to the academy, procedures for non-attendance.
  - m. School DSL contact details and agreement for the recording and communicating of safeguarding concerns.
  - n. Photo consent
  - Agreement of what will happen if the pupil is suspended from school and the suspension impacts on the days during which they would normally be at the AP
  - p. Equipment, clothing required.
  - q. Contact with animals and any relevant risk assessments.
  - r. Transport
  - s. How lunches and/or snacks will be provided; especially if the pupil is in receipt of Free School Meals, and/or if they have a food allergy/intolerance/are pregnant etc.
  - t. How the setting/school will communicate with parent/carers

- u. If a TA or other school colleague will accompany the pupil, their contact details and what will happen if that colleague is absent for any reason.
- vi. If relevant, a pre-placement baseline assessment (helpful if the placement is for social, emotional and/or to improve behaviour). Suggestions are available in the document Baseline Assessments (Appendix 5) if the school does not already have a social and emotional tracking system in place.
- vii. Funding: additional funding may be available to the school for an AP placement. Please refer to SEND funding Schools (norfolk.gov.uk) or Suffolk- Sendiass for further guidance
- viii. The operational lead for the oversight of pupils attending off-site AP will ensure that all relevant documentation (including emails) are stored centrally to ensure access as required. Access to key information should depend on the system, not a person.
- ix. The Academy understands that when AP is commissioned to meet the specific needs of a pupil, they have the responsibility to ensure that the pupil is not disadvantaged in respect of being kept safe, attendance or educational outcomes, including personal development (access to visits and trips, for example).

#### 7. Placement review

Pre-placement, the academy and the AP provider will have agreed the frequency and method of progress reporting. This should take place at least once every half-term.

During the placement, a school colleague will visit the pupil on site and observe them in an activity. This will be recorded on **Appendix 4- Safeguarding and Progress Review** 

Where possible, the pupil's perspective and views should be recorded on the form **Appendix 4-Safeguarding and Progress Review.** If special needs are a barrier to communication, other methods may be appropriate (such as photographs showing that a non-verbal pupil is happy and engaged, for example).

Parent carers and the centre lead at the provision (or relevant tutor or key worker) should also be involved and their views recorded on the Safeguarding and Progreform. If relevant, other professionals (such as an EHCP Coordinator or Virtual School for Children in Care Adviser) may also contribute their views.

Evaluations and placement evidence may be shared during PEPs or EHCP reviews as appropriate.

If the Safeguarding and Progress Review highlights that changes are required to the offer, such as the type of activity, days or times attended etc., then this should be reviewed, and the admissions information/ service level agreement must be updated.

Any pre-placement baseline assessments may be repeated mid-placement to demonstrate progress.

#### 8. End of placement

At the end of the placement, the placement review form Appendix 3- Safeguarding and Progress Review, should be completed by the school, pupil, AP setting and parent/carer. If relevant, other professionals (such as an EHCP Coordinator or Virtual School for Children in Care Adviser) may also contribute their views.

Any pre-placement baseline assessments may be repeated at the end of the placement to demonstrate progress.

#### 9. Governance

The Academy will ensure that there is effective governance and oversight of the academy's commissioning of unregulated AP.

The governing body will monitor the Academy's use of unregulated AP via the Headteacher's termly report to governors (if a section for this does not pre-exist, it is recommended that it be added) and via the operational lead for this area of work.

The Trust will ensure that this policy is updated annually, in line with national and local guidance.

# Appendix 5- Baseline Assessments Pre-placement baseline (young person)

If the Alternative Provision placement has an aim related to social and emotional or mental health, it may be appropriate to conduct a pre-placement questionnaire with the young person.

This can be revisited once every half term (for example) and progress measured.

Schools may have their own pre-existing templates, and/or systems such as <u>Boxall Profile Online</u> or the THRIVE approach which are already in use in school.

Alternative templates (for a range of ages and stages) can be accessed via the sites listed below.

- The Strengths and Difficulties Questionnaire
  - The website provides easily downloadable questionnaires and scoring systems for use with school-age young people.
- The Warwick-Edinburgh Mental Wellbeing Scale (WEMWBS)
  - Schools may register (without cost) to use this well-being scale questionnaire.
- Assessment: Wishes & Feelings Archives Free Social Work Tools and Resources: SocialWorkersToolbox.com
  - This website provides a variety of tools (questionnaires, feelings faces, feelings charts etc.) which are downloadable without charge.
- Cafcass resources for professionals
  - This website provides resources such as a wishes and feelings pack, which can be used freely by schools.
